I have a question for Emile and team please! How did you decide on the 5 values that will shape your research? Was it difficult to just choose 5? #CTStakeover

@InesSoriaDonlan

Also... what is the main piece of advice from your experiences that you would like to share with other CTS co-creators? #CTStakeover

Participatory approaches! We were surprised how quickly people defined these values. #Karoo #ctstakeover

Hello: thanks for the question. We did a creative workshop where we developed a list of the qualities and values and then we voted! We discussed all the merits and similarities and our top 5 values stood out clearly. @IlizwiL @scootles_b @AylwynWalsh twitter.com/InesSoriaDonlan...

Learning from the field: Our first task was to revise the name for the group and we came up with a poetic phrase that encompasses our ambitions to tell 'the true voice of the land' #CTSTAKEOVER @IlizwiL

#CTSTAKEOVER: the 5 values for our project include 'reclaim the space'; integrity; 'inspire people'; 'uniqueness of the Karoo' and 'ubuntu'. Take a look at our film and let us know your thoughts or questions. @IlizwiL twitter.com/IlizwiL/status...
